

“Better Education For Brighter Future”

July has been a very lively and full month for ISE.

The month of July was named in honor of the famous Roman General Julius Caesar who expanded the Roman Empire and shaped the course of world history. Many important world events took place in July. At ISE, we value the perspectives and cultures of others and educate our students to understand and connect with people from diverse backgrounds, promote understanding of cultural diversity and guide them to grow into socially responsible and caring young adults.

Julius Caesar 100 BC~44 BC

On **July 4**, we watched a short historical video about **US Independence Day** to mark 248 years since American settlers declared independence from Great Britain in 1776. The school also treated everyone to American Style hot dogs on a stick to celebrate this colorful day where people in the US get together with family and friends to enjoy their favorite summer foods like hot dogs and Bar-B-Q, listen to music, play games and watch fireworks.

Martyr's Day (Arzani Nay) in Myanmar is a solemn occasion that is observed on July 19 to mark the assassination of General Aung San and several of his cabinet members on this day in 1947, to honor the nine brave men who gave their lives working for Myanmar's independence from Great Britain. People gather at the Martyr's Mausoleum in Yangon where the remains of General Aung San and his colleagues are buried, to offer prayers and wreaths in their memory. It is a day of remembrance, reflection and inspiration.

ISE students learned about the names of the 9 Martyrs (General Aung San, Thakin Mya, U Ba Win, Deedoke U Ba Cho, Mahn Ba Khaing, Abdul Razak, Sao San Tun, U Ohn Maung, Ko Htwe), saluted them at the weekly flag raising ceremony, recited a poem in Myanmar Studies class, and created several kinds of art.

ISE students took their first assessment tests in the four major subjects (English, Math, Science, Computing) as well as the minor subjects (Myanmar Studies, World Around Us, History, Geography) in the middle of July. Top performers were recognized by the Vice Principal at weekly assembly on Monday, July 29 and received snack gifts of appreciation.

On **July 21**, students watched videos of the **Apollo 11** moon landing, learned about space race between the Soviet Union and the United States, and about the first man on the moon. “That’s one small step for a man, a giant leap for mankind” became the famous words of the US astronaut Neil Armstrong, as his feet touched the surface of the moon in the early morning of July 21, 1969. Students also learned about the next Apollo 12 astronauts visiting Yangon with moon rock samples in 1970.

July 30 was a triple bonus for ISE students. It was not only the UN designated **International Friendship Day**, but also the birthday of ISE Founder U Kyaw Kyaw Hlaing. We were also invited to participate in the Myanmar Children’s Fitness Competition held at Wells International School on 6.5 Mile Pyay Rd to honor International Friendship Day. It was a very busy day for us.

We celebrated International Friendship Day by having art contests and creating trees of kindness in our classrooms. Students did projects to think about the meaning of friendship and write about their best friends.

Tree of Kindness Y-3

Friendship Day Art Y-8

Students also wrote birthday messages to ISE Founder U Kyaw and sang songs for him. Everyone was treated to a delicious chicken bun (Pauk Si).

Birthday wishes for U Kyaw

Celebrating ISE Founder

The Myanmar Children's Fitness Competition to honor International Friendship Day was organized by Rapport Children's Physical Fitness Center for 5-7 year olds and titled "Joyful Exercise, Healthy Growth. Five ISE students from Year 2 were selected to participate in this event. They were selected based on academic performance, physical ability and discipline (**Richard, Toe Htet Shan, Kyaw Thuka Shan, Alice & Panjar**).

Let the games begin!

Children's Physical Fitness Competition

The ISE Team

We encourage active learning at ISE. Students are asked to activate their prior knowledge, explore new concepts and make connections through discussions. Various activities are conducted throughout a lesson to reinforce their learning, help them understand the information better, develop critical thinking and problem solving skills.

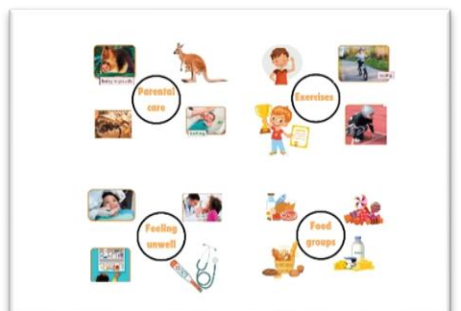

Science Corner

Y4 planting onions + roselle seeds

Y5 observing a bushfire in Australia during a lesson on deforestation.

Y2 Science - Health & Growth

Y5 Different Kinds of leaves observation

Parts of Plant Worksheet Activity

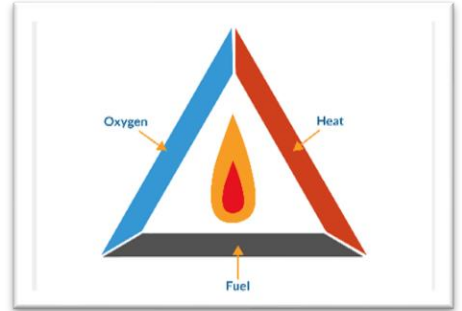

Amphibian observations

Y6 class presentation on pollinations (insect, wind and bird)

Y7-8 class separating soil from water

Y8 - learning about combustion

English class

Y1 actively reading

Y1 students learning punctuation

Y3 creating own peculiar pet shots

Y4 students practicing grammar

Y7 learning about different types of conjunctions

Y4 writing short poems

ICT

Y2B drawing in paint at computer

Y3 students practicing typing in game

Y4 different kinds of functions in table

Y5 learning If-Then/Else
Conditions using Scratch Programming

Y7 PowerPoint competition

Y8 learning the components of Logo

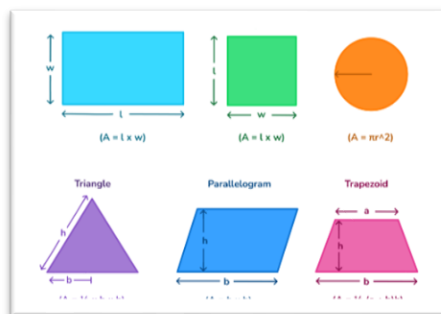

Library Time

Math

Y5 Factor Tree

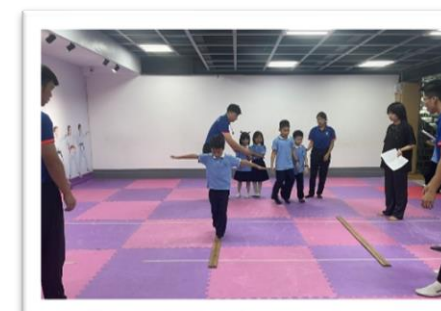

Area formula in maths

Y3 Assessment 1

Sport Time

PE

Music Time

Art Time

Weekend class

ISE weekend grammar and writing classes started on Saturday, July 27. We also provided extra classes in school for students who need ESL support.

Happy Birthdays

Those born in July are often characterised by their helpful nature. They enjoy assisting others and have a natural curiosity about the world around them.

Pyae Phyo Thant	(Year 1)	5.7.2018
Myat Min Paing	(Year 2)	21.7.2016
Pan Jar Htet	(Year 2)	6.7.2017
Sut Myo Du	(Year 2)	15.7.2015
Hlyan Htet Pyae Sone	(Year 3)	13.7.2016
Phone Myat Khant	(Year 3)	25.7.2013
Zwe Wai Yan Myo	(Year 3)	5.7.2016
Nyan Bhone San	(Year 3)	19.7.2018
Aung Myin Pyae Sone	(Year 4)	6.7.2014
Thukha Khun Seck	(Year 5)	18.7.2014
Phaw Wai Thaw Naing	(Year 7)	7.7.2011

Upcoming August Events.

- August 12 - International Friendship Day
August 19 - World Humanitarian Day
